Arrival Time and Dismissal Pick Up

Just a friendly reminder that teachers have duty of care of students from 8.30am until 3.30pm. Teachers have other commitments before and after school for example setting up successfully for the day, programming, assessing, meetings, staff meetings and Professional Development. If you are running late please phone the front office. Thank you for your ongoing support.

Attendance

Last Wednesday for Book Week we had full attendance. This is the first one for Term 3. Please continue to be vigilant ringing, texting or letting us know at the front office, if your child will be absent for the day. I really appreciate parents replying to the courtesy texts. Out of 28 days we have had 24 days of 95% attendance. A huge thanks to parents for supporting your child’s education. Please see below the graph for week 5.

Our school values—Working Together, Respect, Striving for Success, Honesty, Tolerance

Our school vision—We encourage a love of learning, a strong sense of self, respect for others and the desire to become good global citizens. We promote independence and responsibility as we guide our school towards a positive future.
On the 23rd of August, the Year 7’s went to Mount Gambier High school to participate in a math session with Andrew the creator of ‘Think Square’. We took part in a range of mathematical and problem solving games. My favourite game was the Pentomino challenges. We had to place a shape on a 100’s chart and the pieces had to touch by only the corner pieces. The challenge was to try and fit 12 shapes on the chart but my group got 11. It took Andrew 8 hours to get the 12 pieces, so I think we did a great job. Andrew’s program ‘Think Square’ encourages positive mindsets towards mathematics and makes math fun by using hands on games that are interactive.
